

# REGISTERING FOREIGN MINORS WITH THE HEALTHCARE SERVICE OF REGIONE LOMBARDIA

## WHO CAN REGISTER?

All foreign minors under 18 years of age, whose parents are foreign (non-EU) citizens without residence permit or EU citizens without health coverage (i.e. TEAM card), or unaccompanied minors, can register with the Healthcare Service (SERVIZIO SANITARIO) of the Lombardia Region.

## WHAT DOES IT MEAN?

This means that all the minors in such situations can get free health care and go to a pediatrician (minors under 14) or to a family doctor (minors 14-18 years old)! Starting from January 2023 **a pediatrician of choice or a family doctor, and the social security number (CODICE FISCALE)** will be assigned to all EU minors, to minors whose parents are foreign citizens without residence permit, to unaccompanied minors (in accordance with Circolare del Ministero della Salute Prot. n.0016282-08/08/2022-DGPROGS-MDS-P; Risoluzione n. 25/E 2022 dell'Agenzia delle Entrate; Deliberazione N° XI / 7758 del 28/12/2022 Regione Lombardia).

The registration will have annual validity and will have to be renewed every year until the 18th birthday.
